THE CLERKSHIP PROGRAM

If you relish the prospect of being involved in cutting edge legal work, learning from experts at the top of their game and working in a fast-paced environment, you're just the sort of person we'd like as a KWM clerk or Trainee Solicitor.

We're with you every step of the way. We know how important support can be in making you feel part of a team and help you to do your very best.

That's why, from day one, you'll be assigned key people to offer you advice, guidance and support whenever you need it.

As a clerk, you will be assigned a:

- **Buddy** – your 'confidant' at work. Your buddy provides informal and additional support to answer any questions you might have, including the 'silly' ones.
- **Development Coach** – a Senior Associate will provide you with work, help you manage your workload, and provide feedback on your performance.
- **Partner** – will also supervise you and provide you with work.

THE BEST POSSIBLE START

During your clerkship, you'll get to know more about our people, the way we like to work, our culture, practice areas, and clients.

By the end of the clerkship, you will have a big picture understanding of what it's like to be a lawyer at KWM.

Many of our clerks go on to take up a Trainee Solicitor position with us.

HOW IT WORKS

We've designed a program to help you make the most of your time with us. During your clerkship, you will learn:

The day-to-day skills to get you started – taking instructions, meeting with clients, drafting memos and documents, working in teams, managing your practice and professional relationships. This is a 'hands on' role so you won't just be watching from the sidelines. You will be given 'real' work that your team is working on.

The core practice teams at KWM – who they are, what they do, how they're structured, the clients they work for, and of course, your role within them as a junior lawyer.

Our culture – working within your team, you'll be regularly exposed and encouraged to get actively involved in the many activities and events that help create the unique, supportive and friendly culture at KWM.

Our training – during your clerkship, you will attend several technical, as well as soft skills, training sessions offered by our Senior Lawyers. For example, Clear Communications, How to Write a Memo, How to Take Instructions, and presentations on the various practice groups.

Our community – you'll have many opportunities to get involved in the social and community activities that we organise such as staff drinks, pro bono charity initiatives, and dragon boating. It's not all hard work! We really encourage you to get involved and enjoy yourself.

The 'nuts and bolts' – our technology, financial systems, research and support resources, firm policies, procedures and the structure and approach of the firm itself.

INTERNATIONAL SECONDMENT OPPORTUNITIES

“I am very grateful for my Singapore secondment opportunity – it was certainly challenging to arrange secondments during a pandemic, but our partners and HR across the KWM network did everything they possibly could to make it happen. The 6-month experience completely went beyond my expectations, and here’s why: Our Singapore office is an extension of our vast Australian network and is headed by, mostly, Australian partners. They are extremely welcoming and hands-on. The lawyers are a mixture of Australians and local Singaporeans, which gave me a taste of both cultures. During my secondment, I was pooled among Projects, M&A, Funds, Banking and International Arbitration teams, allowing me to receive diverse exposure and work with almost everyone in the office. The work was cross-border in nature, which gave a junior a commercial perspective in legal work in Southeast Asia across sectors. Most memorable of all, I built so many connections both at work and outside work throughout my time in Singapore, and the experience living in this bustling city-state as known as the financial hub of Southeast Asia was something to remember for a lifetime.”

Trainee Secondment – Singapore, 2022

“My 3-month secondment to KWM’s Shanghai office was a remarkable highlight of my training contract and has undoubtedly shaped me into an all-rounded lawyer. As a trainee placed in the corporate team, I have been involved in a wide range of cross-border transactions with a number of high profile clients, and had the opportunity to assist in various workstreams. KWM Shanghai offered a highly comprehensive training programme and partners of the firm have given us numerous lectures and seminars on various commercial and legal topics, which formed the solid foundation for me to embark on my legal career. I am truly grateful for having had the incredible opportunity to participate in such a rewarding learning experience.”
